RE: Letter of Recommendation for F.A. Peinado, LLC

To Whom It May Concern:

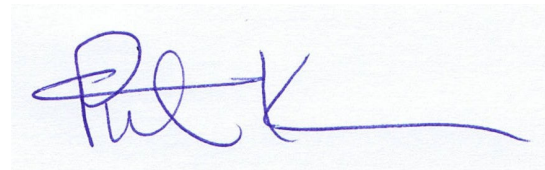

F.A. Peinado recently performed all of our site and building construction for an Academy Sports + Outdoors facility in Frisco, Texas. This was a great experience for us as the development and construction manager. They staffed the project with qualified personnel, paid attention to the details, and made sure their subcontractors delivered top-quality work. The project came in ahead of schedule and under budget.

All in all, the project couldn't have gone better – Academy actually said this was the best store turnover that they've ever experienced, largely due to Peinado's efforts. Academy was very glad to hear that we had also chosen Peinado to build their new Garland, Texas store.

I highly recommend Peinado as a general contractor, and look forward to working with them in the future.

Regards,

TURCOTTE DEVELOPMENT GROUP, LLC
